

First Farms Financial

Interns work with mentor and staff to help market, sell, and analyze financial products First Farm Financial (FFF) provides to rural America. Interns' specific duties include completing assigned finance or crop insurance related project(s), completing an intern development guide, attending sales meetings and working with various FFF employees. (Summer interns' specific duties include all the above, plus presenting the project to company leaders.)

MAJOR RESPONSIBILITIES:

1. **COMPLETE ASSIGNED PROJECT(S):** The intern's project(s) will be designed specifically for the intern's office location needs. Projects could include analyzing products and programs, special event planning, prospecting customers through market segment research, analyzing underwriting standards, and other FFF needs.
2. **COMPLETE INTERN DEVELOPMENT GUIDE:** The intern will gain FFF and industry knowledge by completing development activities that will involve them in the business.
3. **CUSTOMER, COMMUNITY AND TEAM INVOLVEMENT:** the intern will demonstrate FFF values through his/her interaction with potential and current FCMA customers, the community and the office team. He/she will assist the office staff in daily activities.
4. **REPRESENT AND COMMUNICATE THE MISSION AND VALUES OF FIRST FARMERS FINANCIAL** and complies with its conduct policy, security policy and confidentiality expectations.

SUMMER INTERNS ONLY:

5. **PRESENT PROJECT TO FIRST FARM FINANCIAL LEADERSHIP:** At the conclusion of the internship, the intern will present his/her project results to members of First Farm Financial (FFF) leadership.

MINIMUM REQUIREMENTS

Education and Experience

Minimum Qualifications: Summer Interns will be college sophomores or juniors pursuing a bachelor's degree in agriculture, business or related field. (Interns outside the standard summer program may also be college seniors.) Candidates must be willing to relocate within a one-state area.
