

Poultry Evaluation

Purpose

The Tennessee FFA Poultry Evaluation Career Development Event simulates learning activities related to production and management, processing, marketing, food safety, and poultry product quality.

Objectives

The Tennessee FFA Poultry Evaluation Career Development Event provides opportunities for the participant to

- Make accurate observations and logical decisions.
- Discuss and justify decisions (orally and written).
- Communicate industry and product terminology.
- Identify USDA standards of product quality.
- Identify consumer acceptance criteria of products.
- Recognize the economic importance of value-added products.
- Collaborate with others to analyze industry scenarios.
- Demonstrate the use of appropriate information technology in the poultry industry.

Specifically, participants will

- Evaluate and place live meat-type chickens and orally defend the selection.
- Evaluate and place live egg-type hens and orally defend the selection.
- Evaluate, grade and place ready-to-cook carcasses of chickens or turkeys and orally defend the placing.
- Evaluate and grade ready-to-cook carcasses and parts of chickens and turkeys.
- Evaluate and grade individual shell eggs for interior quality.
- Evaluate and grade individual shell eggs for exterior quality and indicate factors governing the grading.
- Evaluate pre-cooked or par-cooked further processed poultry meat products and indicate factors governing the evaluation.
- Identify poultry carcass parts.
- Complete a written examination on poultry production, management and science.

Event Rules

- Official dress is not required for this event.
- Teams will be made up of four individuals and all four scores will count.
- Any participant in possession of any electronic device not required by event rules is subject to disqualification.

Event Format

HUMANE TREATMENT OF LIVE ANIMALS

- All animals must be treated with the utmost care and respect. Violation of this rule will automatically disqualify an offending team member from the event. The supervision, interpretation and enforcement of this rule will be the responsibility of the event superintendent and/or designee.

EQUIPMENT

Materials Provided by the Participant

- Pencil
- Clean clipboard

Materials Provided by the Event Officials

- Egg candler
- Scantron

INDIVIDUAL ACTIVITY — PLACING CLASSES

- Participants will have 10 minutes per class to complete classes. An appropriate amount of time, as determined by the event officials, will be provided for the exam. A warning signal will inform the participants when time expires for each class. Participants will have approximately one minute to move from class to class.

Live Poultry

Market Broiler Placing (50 points)

Each participant will place a class of four market broilers. Each participant will be permitted to “handle” the birds as long as the birds are inspected in a professional and humane manner. Participants may not remove the broilers from the holding unit.

Egg-type Hen Placing (50 points)

Each participant will place a class of four egg-type hens. The birds will be Single-Comb White Leghorns or commercial strains of Leghorn-type (inbred cross). The birds may have trimmed beaks. Each participant will be permitted to “handle” the birds as long as the birds are inspected in a professional and humane manner.

Ready-to-Cook Poultry

Carcass Grading (50 points)

Each participant will grade a class of 10 ready-to-cook chicken and turkey carcasses and parts. Criteria for grading will be derived from USDA standards for chicken carcasses weighing two to six pounds and for turkey carcasses weighing six to 16 pounds or carcasses weighing greater than 16 pounds. Four categories may be used, including the USDA quality grades A, B, C and the category NG (non-gradable). Participants may not touch any carcass or part; doing so will result in disqualification. If used, the shackle holding a carcass may be rotated to show the entire carcass.

Scoring for parts and carcass grading:

Participant's Grade	Official Grade			
	A	B	C	NG
AA	5	3	1	0
A	3	5	3	0
B	1	3	5	0
Loss	0	0	0	5

As shown above, carcass grading is scored based on the USDA quality grades A, B, C and the category NG. Each correct grade receives a score of five points. If the item is graded one quality grade below or above the correct grade, two points will be deducted to obtain a score of three points. If the item is graded two quality grades below or above the correct grade, four points are deducted to obtain a score of one point. However, if the "NG" line is "crossed" (i.e., an incorrect judgment), all five points are deducted to obtain a score of zero points. (Adapted from information provided by Don Sheets, Retired, Kansas Board of Agriculture, Topeka, Kansas.)

Carcass Placing (50 points)

Each participant will place a class of four ready-to-cook chicken or turkey carcasses. Criteria for placing will be derived from USDA standards relative to poultry weight classes. Participants may not touch any carcass; doing so will result in disqualification. If used, the shackle holding a carcass may be rotated to show the entire carcass.

Shell Eggs

Interior Grading (50 points)

Each participant will grade a class of 10 white (or white-tint) shell eggs. Criteria for grading will be derived from USDA standards for interior quality of market eggs. The USDA quality grades will be AA, A, B and Loss. Participants must candle the eggs to determine the appropriate USDA quality grade, but improper handling of eggs will result in disqualification.

Scoring for interior egg quality grading:

Participant's Grade	Official Grade			
	AA	A	B	Loss
AA	5	3	1	0
A	3	5	3	0
B	1	3	5	0
Loss	0	0	0	5

As shown above, interior egg quality grading is scored based on the USDA quality grades AA, A, B and Loss. In the case of Class 76, each correct grade receives a score of five points. If the item is graded one quality grade below or above the correct grade, two points will be deducted to obtain a score of three points. If the item is graded two quality grades below or above the correct grade, four points are deducted to obtain a score of one point. However, if the "Loss" line is "crossed" (i.e., an incorrect judgment), all five points are deducted to obtain a score of zero points.

Exterior Grading (50 points)

Each participant will grade a class of 10 shell eggs (white, brown or other). Criteria for grading will be derived from USDA standards for exterior quality of market eggs. The USDA quality

grades will be AA/A, B and NG (non-gradable). Criteria for grading may include decisions related to the following quality factors: soundness (unbroken, check, dented check or leaker); stains (slight/moderate stain or prominent stain); adhering dirt or foreign material; egg shape (approximately normal shape, unusual or decidedly misshapen); shell texture (large calcium deposits, body check or pronounced ridges); shell thickness (pronounced thin spots); no defect.

Each participant will determine written factors for the grading of the exterior chicken eggs. The written factors will relate to the criteria used for grading exterior quality of eggs.

Scoring for exterior egg quality grading:

Participant's	OFFICIAL GRADE		
	AA/A	B	NG
AA/A	5	2	0
B	2	5	0
NG	0	0	5
Loss	0	0	0

As shown above, exterior egg quality grading is scored based on the USDA quality grades AA/A, B and NG (non-gradable). Each correct grade receives a score of five points. If the item is graded one quality grade below or above the correct grade, three points will be deducted to obtain a score of two points. However, if the "Loss" line is "crossed" (i.e., an incorrect judgment), all five points are deducted to obtain a score of zero points.

Written Factors Class (50 Points)

Exterior egg quality grading is evaluated for 12 different quality factors. Further processed poultry meat products are evaluated for seven different quality factors. Each item may be determined to have "no defect" or to have one or more defects.

- For each correct match with the judge, zero points are deducted.
- For each "defect" or "no defect" missed or added, two points are deducted.
- No score will be less than zero.

Further Processed Poultry

Boneless Further Processed (50 points)

Each participant will determine written quality factors for a class of 10 boneless further processed poultry meat products (e.g., pre-cooked, poultry meat patties, tenders, nuggets or other boneless products). Criteria for evaluation will include coating defects, color defects, consistency of shape/size, broken and/or incomplete products, cluster/marriages and evidence of foreign material. Participants may not touch any product; doing so will result in disqualification.

Boneless Further Processed Poultry Meat Products:

Defect	Product Number									
	1	2	3	4	5	6	7	8	9	10
Coating Void										
Inconsistent Color										
Inconsistent Shape/Size										
Broken/Incomplete										
Cluster/Marriages										
Foreign Material										
No Defect										

Bone-In Further Processed (50 points)

Each participant will determine written quality factors for a class of 10 bone-in further processed poultry meat products (e.g., precooked, bone-in wings or other bone-in poultry meat products). Criteria for evaluation will include coating defects if applicable, color defects, consistency of size, broken products, mis cut products and evidence of foreign material. Participants may not touch any product; doing so will result in disqualification.

Carcass Parts Identification (50 points)

Each participant will identify 10 poultry parts. Poultry parts to be identified will be randomly selected and consistent with those used in the chicken processing and merchandising industries. The participant may not touch any part; doing so will result in disqualification.

The identification class will consist of 10 poultry carcass parts. The class has a value of 50 points per participant. Each correct answer receives a score of five points.

WRITTEN EXAM (100 POINTS)

Participants will complete a 30-item written exam on poultry production, management, anatomy and physiology. Test questions will be pulled from the last five years of National FFA Poultry evaluation exams and will be maintained on tnffa.org by Tennessee FFA state staff.

Scoring

Activity	Individual	Team
Live Poultry <ul style="list-style-type: none"> • Market Broilers Placing • Egg -type Hens Placing • Reasons on one of the above placing classes Ready to Cook Poultry <ul style="list-style-type: none"> • Carcass Grading • Carcass Placing • Reasons on the Carcass placing class 	300	1,200
Shell Eggs <ul style="list-style-type: none"> • Interior Grading • Exterior Grading • Written Factors 	150	600
Further Processed Poultry <ul style="list-style-type: none"> • Boneless Further Processed • Bone-In Further Processed • Carcass Parts Identification 	150	600
Written exam	100	400
TOTAL POINTS POSSIBLE	700	2800

TIEBREAKERS

If ties occur, the following classes, in this order, will be used to determine the ranking of award recipients:

Individuals

1. Total scores of placing classes.
2. Written management exam
3. Oral Reasons Score

Team

1. Score of team activity practicums.
2. Combined written exam score
3. Combined score on Further Processed Products.

Awards

Awards will be presented at an awards ceremony to individuals and/or teams based upon their rankings. Advisors of cash award recipients will receive information about claiming their award following the convention. Guidelines for amounts and recipients of cash awards can be found [here](#). Corporate partners help grow the next generation of leaders through supporting AFNR pathways awards.

SPECIALTY AWARDS

Specialty awards may be presented by sponsors for teams in specific event areas as well as for individuals excelling in specific areas of the event. Those award categories may include:

- Poultry management.
- Shell eggs.
- Further processed products.
- Live poultry.
- Ready-to-cook poultry products.
